ABOUT THE DISTRICT

FAQ

COVID-19 Important Note

The district report card highlights key performance areas that are aligned to South Dakota's school accountability system along with our district's vision, mission, and goals set forth by the superintendent working with the Board of Education for ensuring that all students are "on-track" to graduate high school and are prepared to pursue their life goals, enrolling in college or achieving their career aspirations.

STUDENT PERFORMANCE

South Dakota's students take the annual state assessments for the subjects of English language arts and mathematics in grades 3-8 and 11, and science in grades 5, 8 and 11. Student Performance measures how well the students performed on the state assessments.

\$10,837

* Data is not shown to prevent the identification of individuals in a small group.

The school report card is just one piece of information, that when combined with a student's individual state test results, and report card grades, gives parents a more accurate picture of their children's academic experience.

STUDENT PROGRESS

This measure shows the progress students have made on the state assessments for English language arts and mathematics since the prior school year. It illustrates whether students are learning and improving.

ATTENDANCE AND GRADUATION

Attending school regularly is essential for students to progress through each level of their education. Attendance rate is measured for elementary and middle schools. At the high school level, graduation rate and college and career readiness are important indicators of students' readiness to pursue higher education, career, and life beyond high school.
